Current Abstracts Breakdown by Topic

- Water Reuse
- Sustainability
- Watersheds
- Water Resources
- Water Supply
- Infrastructure
- Wastewater
- Safety & Security
- Remediation
- Groundwater & Drinking Water
- Policy & Regulations
- Biological Treatment

MWC2018 Presentation Sample

Water Quality Flushing

Kupferle, Regional Sales Manager

Air Valve Maintenance for Surge and Vacuum Protection

GSM Arizona, Manufacturer's Sales Representative

Compact, Efficient & Expandable Title 22 Treatment System

Amiad Water Systems, Technical Marketing Manager

ABCs of VFDs

ABB, Sr. Business Development Manager

Packed Bed Filter Treatment for Onsite Water Reuse

Orenco Systems, Inc., Senior Account Manager

New Automated Leak Detection and Resolution Solutions

WaterSmart Software, COO

Assessing Impacts of Climate Change on Streamflow

California State University, Long Beach, Assistant Professor

GLUE Analysis & Optimal Operation for Diyala River in Iraq

Colorado State University, Student

Water Acquisitions: Good Business, Good Water Mgmt.

Central Arizona Groundwater Replenishment District, Manager

Ultrawipe, a Real Solution to Prevent UV Sleeve Scaling

Aquionics Inc, Regional Manager

Water Main Cleaning With Water Conservation

NO-DES, Inc., President

Linings and Coatings for Ductile Iron Pipe and Fittings

McWane Ductile, National Product Engineer

Total Cost Equation When Selecting Pipeline Materials

McWane Ductile, National Product Engineer

Mobilization of Naturally Occurring Uranium to Supply Wells

Hydro Geo Chem, Inc, Vice President / Senior Hydrogeologist

Membrane Technologies for Wastewater Treatment & Reuse

Cartwright Consulting Co., President

Decentralized Treatment of Wastewater - NextGen Tech

PRD Tech, Inc., President

The Art of Building a Citizen Science Program

Arizona Department of Environmental Quality, Scientist III

Building Resilience into Everyday Operations

Aladon, President

Building Resilience to Extreme Weather at Water Utilities

US EPA, Environmental Scientist

Water Industry Direction and the Importance of Automation

EMERSON PROCESS MANAGEMENT, MARKETING DIRECTOR

Advancements in Research Supporting Potable Water Reuse

Water Environment & Reuse Foundation, Research Manager

New Mexico Department of Health Private Wells Program

New Mexico Department of Health, Private Wells Epidemiologist

Analysis of Wireless Connectivity Costs

HMS Industrial Networks, Business Development

Brackish Groundwater National Desalination Facility

USBR, Research Facility Manager

Current Safety Equipment and Technology

National Trench Safety, National Bilingual Safety Trainer

Mixed Oxidant Solutions (MOS) in Drinking Water Treatment

MIOX, Director of Business Development

MWC 2018 Preliminary Floor Plan

Maris Water Conference

April 16-18, 2018

J.W. Marriott Star pass Resort - Tucson Ballroom F-J
Tucson, Arizona

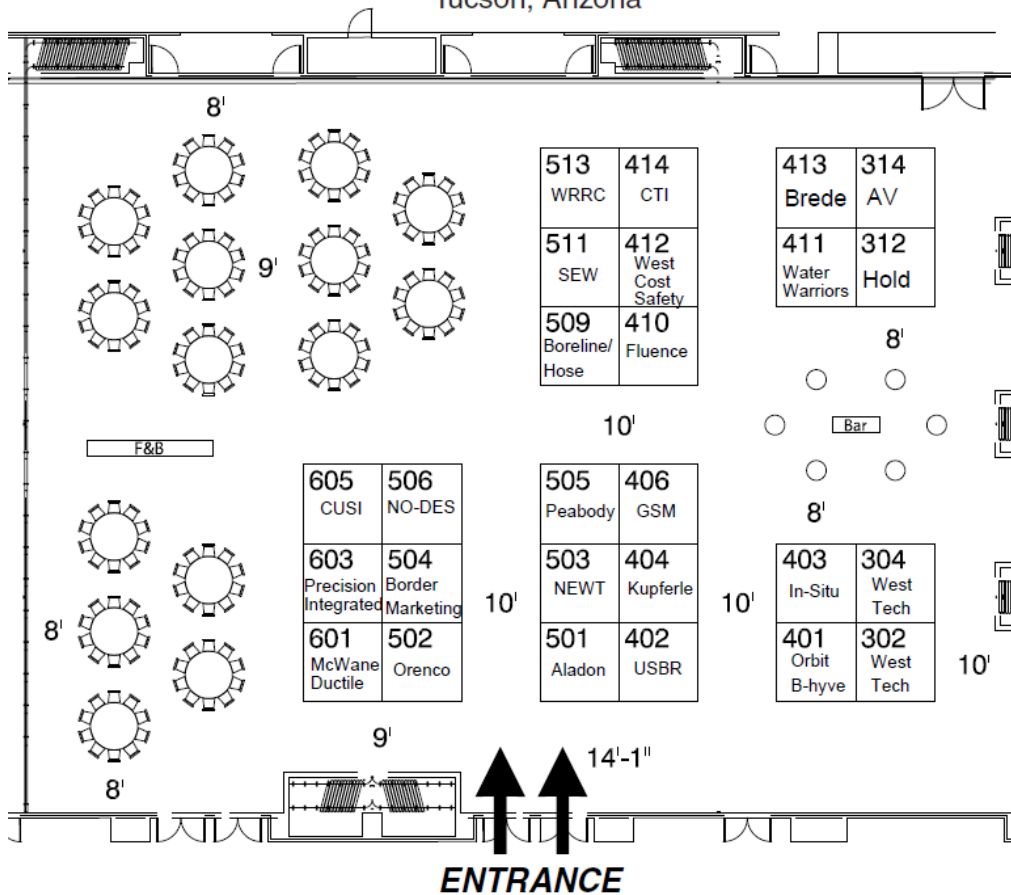

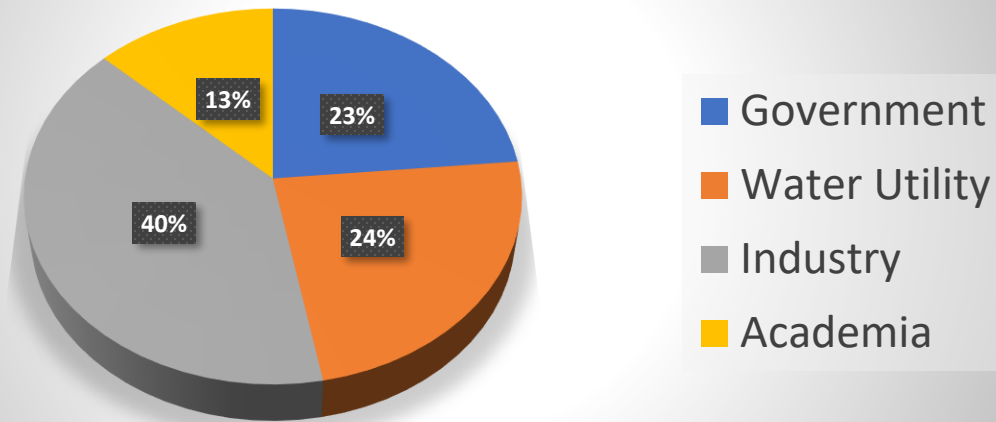

Exhibit Marketing Package Includes

- Pre-conference marketing to over 10k contacts
- On-site marketing to over 300 attendees
- 10' x 10' Exhibit Space
- Back wall & divider pipe & drape
